

# Human Resources support for foreign companies

Opening a branch or expanding activities in the Netherlands? **Care4HR** provides the Human Resources assistance you need. We are specialised in HR outsourcing and can help tackle any difficulties you may encounter as an employer. We manage your payroll and personnel administration, provide HR advice and assist with issues related to tax and labour laws. Experience our international approach with a personal touch.

## Payroll and tax matters

We are experienced in international HR issues and in helping foreign companies to set up and process their payroll in the Netherlands. We are specialised in employment tax, minimising tax liability, for example by identifying tax benefits and 30% rulings. We assist companies with their salary and payroll administration.

## Care4HR as your service desk

You can contact our service desk for assistance on all matters concerning personnel. We can help formulate your local company policy. You will have a **Care4HR** contact who will answer your questions and deal with your personnel administration, take care of sick leave and absenteeism, keep up-to-date information on employment conditions and company rules, and give advice on personnel matters. The client's objectives for the organisation and its staffing policy remain the key.

## Occupational health physicians, labour and tax specialists

Your company can call upon occupational health physicians, employment law and tax specialists and our trainers, as required. **Care4HR** will deal efficiently with all the different parties you have agreements with concerning your business.
