

Payroll and Human Resources support for foreign companies

Opening a branch office or starting new activities out of the Netherlands? We are your partner regarding your Human Resources matters in the Netherlands. **Care4HR** is specialized in HR outsourcing and solves your employer issues. We arrange your payroll and personnel administration, give human resources advice and help you with your tax and labor law related issues. Experience our international practice with a personal touch.

Payroll and tax matters

We are experienced in international HR issues and help foreign companies to set up and process their payroll in the Netherlands. We are specialized in employment tax related matters, minimizing tax liabilities f.e. tax benefits and 30% rulings. We support companies with their salary and employees administration.

Care4HR as your service desk

You can contact our service desk for assistance on all matters concerning personnel. We can help you set up a (local) company policy. You will be given a contact who will answer your questions and deal with your personnel administration, take care of sick leave and absenteeism, keep information on employment conditions and company rules up to date, and give advice on personnel matters. The client's objectives for the organization and its staffing policy remain the key.

Occupational doctors, labor and tax specialists

If needed your company can call upon occupational doctors, labor lawyers, tax specialists and our trainers/coaches, as required. All the different parties you have agreements with concerning your business can now be dealt with efficiently by **Care4HR**.

You want to be successful in the Netherlands?
